To FCC:

I am writing to support the ongoing broadcast of KLOVE radio and to give KLOVE priority over the LPFM stations. KLOVE provides a positive message to myself, my family, and my community. As a Christian woman, I believe it is crucial for KLOVE to broadcast the Christian music and messages that are life-changing for so many people. My community would most definitely feel a negative effect if KLOVE is taken off the air because many people I know listen to this station continually throughout each day for encouragement.

Thank you for your attention to this issue. I pray that KLOVE continues to stay on the air to encourage people all over this country.

Sincerely,  
Katherine Geno
